

2025 Lumyna Summer Analyst Program

As a Summer Analyst, you will learn about our businesses and take an active role to make a positive impact.

Who we are

Lumyna is one of the world's leading fund platforms, focused on delivering truly differentiated alternative investment strategies for our clients. Our pioneering Alternative UCITS funds business brings many of the best available hedge fund managers to the liquid and European-regulated marketplace, a process that began in 2007 in our partnership with Marshall Wace and one that continues to this day. More recently, our offering has expanded to provide evergreen Private Markets fund solutions, being a direct response to our investors evolving investment needs.

At Lumyna, innovation drives everything we do. We proudly partner with best-in-class external investment managers to design and structure cutting-edge investment vehicles. Our role is pivotal in managing these funds throughout their lifecycle and distributing them to our clients. With over \$18 billion in assets under management, our clients include Europe's top institutions, financial advisors, and wealth managers.

Join us to be part of a dynamic and forward-thinking environment where you can hone your skills and gain invaluable insights into the ever-evolving world of asset management.

About the Internship

Our Summer Internship Programme offers a unique opportunity to rotate across multiple teams, providing you with a holistic understanding of our business and the industry. You will gain direct exposure to leading hedge funds and private market investors, working alongside industry experts to design and structure innovative investment products. This hands-on experience will allow you to delve into the intricacies of fund structures and navigate the regulatory challenges in asset management.

Throughout the internship, you will have the chance to support various functions within our dynamic teams, including Sales, Product Development, Risk Management & Technology. You will develop a comprehensive understanding of different investment strategies, gain insights into the overall life cycle of investment funds and develop a strong alternative investment landscape and client engagement. This role will provide insights into successful distribution strategies and the overall lifecycle of investment funds.

You will work directly with internal and external clients, side by side with leading industry experts. This programme is designed to offer interns the opportunity to develop a versatile skill set and discover where your passion and talents can best contribute. Join us to build your expertise, enhance your professional skills, and contribute to our innovative and collaborative environment.

What to Expect

Rotations Across Core Functions: Experience different areas of our business, gaining a comprehensive understanding of the asset management industry.

Real-World Impact: Work on live projects, contributing to strategic initiatives that influence business outcomes.

Professional Development: Build meaningful connections with colleagues across teams and benefit from extensive training, mentorship, and feedback to accelerate your growth and career trajectory.

Key Highlights

Programme length: 12 Weeks

The programme will run from June to September

Applications close on the 31st of March

Location: London

Teams: Sales, Product Development, Risk Management & Technology

Eligibility: We welcome applications from undergraduate and master's degree candidates currently in their penultimate or final study.

Successful interns will be considered for full-time employment subject to availability of roles.

Who We're Looking For

We seek dynamic, intellectually curious individuals who are:

- Analytical thinkers comfortable working with data
- Strong communicators who thrive in team settings
- Adaptable, resilient, and eager to learn in a fast-paced environment
- Creative problem-solvers with the drive to make an impact
